

Blue Rubber Castor Non Marking with Brake

80mm 787-1543

80-3360-RNB/SWB

This 80mm braked castor is made of a zinc plated housing which ensures the castor is robust enough and suitable for a variety of environments. The swiveling castor, with the non marking blue rubber wheel and a brake is suitable for trolleys, equipment and general purposes. The non marking blue rubber wheel with roller bearings means the castor is quiet to move, will not mark the floor and will carry significant loads. The foot operated wheel brake simultaneously brakes both the swivel castor head and the wheel. 787-1543
