

Black Aluminium Bridge Handle 67mm with M5 Thread

AHBM567

67mm aluminium matt black anodised pull handle with female M5 threads.

This handle has been designed primarily for electrical panels, enclosures, server racks and cabinets in various I.T. and telecommunication settings. The handle features a slim profile and rounded edges – perfect for cabinets and enclosures with limited space.

The matt black powder coated aluminium is tactile in the hand, hard wearing and smart in appearance.
